  - Resistant
  - \* Superior Surface Coverages
  - \* No Fuzzing or Pilling
  - \* Mildew and Moisture
  - \* Low Maintenance
  - \* Color Coordinated to Marine Vinyls
- 

## MAINTENANCE PROCEDURE

A regular program of routine maintenance procedures will greatly aide in the appearance retention and wearability of the carpeting.

Use a cleaning solution of warm water and household detergent. Soak carpeting for approximately 5 minutes then rinse with clean water. If stubborn stains occur, a broom or soft bristle brush should be used to GENTLY brush the stained areas to assist in lifting the stain. Then repeat detergent cleaning procedure.

### PRODUCT WARRANTY

Limited Color Fade Warranty  
Consult Mill for Details

PRODUCT IS DESIGNED FOR DIRECT GLUE DOWN INSTALLATION  
NOT DESIGNED FOR SNAP-IN INSTALLATIONS

Available in 6 Foot Widths

\*Indicated Colors Also Available in 8 Foot Widths
